DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-16, drawn to method and kit of determining CYP 1A2 phenotype.

Group II, claim(s) 17-32, drawn to method and kit of determine NAT1 phenotype.

Group III, claim(s) 33-48, drawn to method and kit of determining CYP 2D6 phenotype.

Group IV, claim(s) 49-64, drawn to method and kit of determining CYP 2E1 phenotype.

Group V, claim(s) 65-80, drawn to method and kit of determining CP 3A4 phenotype.

Group VI, claim(s) 81 drawn to a p-aminosalicyclic acid derivative.

Group VII, claim(s) 82 drawn to a p-aminosalicyclic acid metabolite derivative.

Group VIII, claim(s) 83 drawn to a caffeine derivative.

Group IX, claim(s) 84, 92 and 93 drawn to a 1,7-dimethylxanthine metabolite derivative and method of synthesizing a 1,7-dimethylxanthine derivative.

Application/Control Number: 09/936,507

Art Unit: 1641

Group X, claim(s) 85, 94 and 95 drawn to a 1,7-dimethyluric acid metabolite derivative and method of synthesizing a 1,7-dimethyluric acid derivative.

Group XI, claim(s) 86 drawn to a dextromethorphan derivative.

Group XII, claim(s) 87 drawn to a dextromethorphan metabolite derivative.

Group XIII, claim(s) 88 drawn to a chlorzoxazone derivative.

Group XIV, claim(s) 89 drawn to a cholorozoxazone metabolite derivative.

Group XV, claim(s) 90 drawn to a dextromethorphan derivative.

Group XVI, claim(s) 91 drawn to a dextromethorphan metabolite derivative.

The inventions listed as groups I – XVI do not relate to a single general inventive Concept under PCT Rule 13.1 because, under PCT Rule13.2 they lack the same or corresponding special technical features for the following reasons. Groups I – V are methods directed at determining different phenotypes (i.e. Group 1, claims 1-16 CYP 1A2; Group II, claims 17-32 NAT1; Group III, claims 33-48 CYP 2D6; Group IV 49-64 CYP2E1; and Group V, claims 65-80 CYP 3A4). Groups VI – XVI are drawn to different derivatives. The methods of Groups I-V are not methods of making or methods of using the derivative of Groups VI-XVI but rather are methods of measuring the derivatives. Therefore, there are 5 different methods and 11 derivatives. Under Rule 13 Applicant is entitled to one product, one method of making and one method of using.

There are no special technical features tying the methods and the derivatives together.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one

Application/Control Number: 09/936,507

Art Unit: 1641

or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary W. Counts whose telephone number is (571) 2720817. The examiner can normally be reached on M-F 8:00 - 4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Long Le can be reached on (571) 272-0823. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
